

AN UPDATE FROM IOWA ROTOCAST PLASTICS

IRP WILL CONTINUE TO OPERATE TO SERVE OUR CLIENTS DURING THIS PERIOD OF UNCERTAINTY.

We are all informed of the reports about the spread of Coronavirus (COVID-19) in the United States and abroad and share your industry concerns of the potential impact the pandemic will have on business operations globally. We want to assure you that Iowa Rotocast Plastics is taking appropriate precautions to not only protect our employees and their families, but to also support the safety of our communities. We will continue to meet the needs and expectations of our customers and business partners in the safest manner possible.

Our facility will be taking the necessary steps to uphold precautionary recommendations from the local, state, and national levels. This includes:

- All work-sanctioned travel for all departments at IRP has been cancelled. Meetings and appointments with clientele will be conducted using web-based meetings and phone conferences.
- IRP offices are not allowing any external visitors.
- All employees capable of working from home have been instructed to do so.
- Cleaning and sanitizing efforts on the plant floor, as well as the employee utilized spaces, has been increased.
- Employees are provided ready access to hand sanitizer and disinfectant wipes and are instructed to utilize precautionary hygiene measures at all times.

As of March 19, 2020, we will continue to maintain our business operations to serve our customers. If you have any questions or concerns, please do not hesitate to contact us directly.

Sincerely,

Floyd Mount, CEO
Iowa Rotocast Plastics
